

# CERTIFICATE

OF PARTICIPATION IN THE TRAINING

## INTRODUCTION TO PROGRAMMING AND PYTHON

GRANTED TO:

**Sebastian Ciborowski**

### THE COURSE PROGRAM INCLUDED TRAINING:

What programming consists of and what to focus on at the beginning

How much mathematics is there in programming

Programming languages and the differences between them

First steps, a sea of information and thousands of traps

Basic elements of applications

How to deal with problems - with examples

The program itself can't do much - interactions with the environment

What's next, or how to learn and gain experience

CPE/ECE POINTS: 9

**GYNVAEL COLDWIND**
